

Flamingo Beach Resort

Hotel Playa Flamingo

Playa Flamingo is a protected beach and its location is mind-boggling. In the best part of Guanacaste, the hotel provides an extensive arsenal of exciting activities, both inland and the sea.

To begin the day, start sipping the traditional coffee in your balcony and watching the local transport of the fishermen after their morning take. Then relax to their sugar-white beach and sample one of their top water sports, maybe some high speed wave running or breathtaking scuba diving. For something less intense, get ready for a game of the water polo in the outdoor swimming pool. If you look for the complete relaxation scene or an escape adventurer, the Flamingo Beach Resort will fulfill your needs.
